

Proposed Changes to the E-Cycle Law to Add Peripherals

RCW 70.95N.020 (Definitions)

(6) "Covered electronic product" includes a cathode ray tube or flat panel computer monitor having a viewable area greater than four inches when measured diagonally, a desktop computer, a laptop or a portable computer including notebooks, netbooks, tablets, and e-book readers, ~~((or))~~ a cathode ray tube or flat panel television having a viewable area greater than four inches when measured diagonally, or a peripheral that has been used in the state by any covered entity regardless of original point of purchase. "Covered electronic product" does not include: (a) A motor vehicle or replacement parts for use in motor vehicles or aircraft, or any computer, computer monitor, ~~((or))~~ television, or peripheral that is contained within, and is not separate from, the motor vehicle or aircraft; (b) monitoring and control instruments or systems; (c) medical devices; (d) products including materials intended for use as ingredients in those products as defined in the federal food, drug, and cosmetic act (21 U.S.C. Sec. 301 et seq.) or the virus-serum-toxin act of 1913 (21 U.S.C. Sec. 151 et seq.), and regulations issued under those acts; (e) equipment used in the delivery of patient care in a health care setting; (f) a computer, computer monitor, ~~((or))~~ television, or peripheral that is contained within a clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier, or air purifier; or (g) hand-held portable voice or data devices used for commercial mobile services as defined in 47 U.S.C. Sec. 332 (d)(1).

(36) "Peripheral" means a device sold exclusively for external use with a computer or television that provides input or output into or from a computer or television. "Peripherals" includes computer mice, keyboards, printers, external hard drives, video game consoles, video cassette recorders/players, digital video recorders, and digital video disc players.

(37)(a) "Printer" includes: Desktop printers; multifunction printer copiers, and printer/fax combinations that are designed to reside on a work surface, and include various print technologies, including laser and LED (electrographic), ink jet, dot matrix, thermal, and

digital sublimation; and multifunction or all-in-one devices that perform different tasks, including copying, scanning, faxing, and printing.

(b) "Printer" does not include floor-standing printers, printers with optional floor stand, point of sale receipt printers, household printers such as a calculator with printing capabilities or label makers, or nonstand-alone printers that are embedded into products that are not covered electronic products.
